

Jumper Troughs

通訊理線槽 | Estantes para el paso a través
ジャンパートラフ

Features

- Unique finger design maintains the cable bend radius which helps meet Category 5e installation requirements
- 特殊指形設計，以避免線材整理時，因轉折過度彎曲，所產生之訊號衰減現象
- Diseño único de dedo mantiene el radio de curvatura del cable que ayuda a cumplir los requerimientos de instalación de la Categoría 5e
- 独自のフィンガーデザインでCategory 5eの曲げの許容範囲を維持することができます

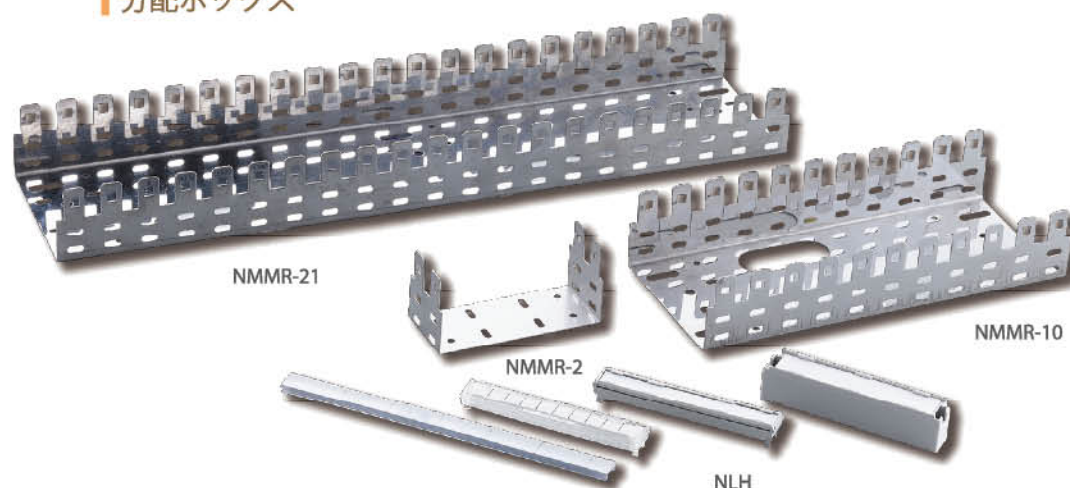

Jumper Troughs

Part Number	Description	Std. Pkg. Qty.
N110T-JT	Jumper troughs for optimizing cable management. Legs allow cables to be routed behind bases	1
N110T-JT-PP	Jumper troughs patch panel for cable management. Legs allow cables to be routed behind bases	1

Distribution Boxes
