

## Modular Crimping Tool

NEX1's modular crimping tool acts as a cable cutter (flat cable only) and cable jacket stripper. Its smooth ratchet gives you full connector termination, and the cushioned grip and spring-actuated handles make the tool easy to hold. Use the ratchet release to disengage the ratchet during faulty terminations.

### Features:

- Crimps RJ-45 (8P), RJ-12 (6P) and RJ-11 (4P) plugs
- Holds connector pins securely, making it easy to crimp them accurately
- Strips, cuts, and terminates cables
- Automatic release for engagement verification
- Texture plastic grips
- Heavy-duty metal construction
